Chief, Budget & Finance Branch

The reimbursement vouchers to be signed by the Director of CIG applicable to expenditures from 1948 fiscal year funds should cite "Public Law 267 - 80th Congress, approved 30 July 1947" in lieu of the reference shown for the fiscal year 1947.

It appears that no other change need be made in the certificate shown on the reimbursement vouchers, since the one now being used appears to be satisfactory to the General Accounting Office representatives.
